Applicant's representative held an interview with Examiner Isla-Rodas on or about April 11, 2007. Applicant's representative would like to thank Examiner Isla-Rodas for his time and attention to this matter.

Applicant's representative pointed out that claims 50 and 52 were not included in the list of allowed claims on page 12 of paper no. 20061206 while reasons for allowance of each claim were presented on pages 12-13 of paper no. 20061206. The Examiner agreed and stated claims 50 and 52 are allowed and should have been included in the list of allowed claims on page 12 of paper no. 20061206.

Applicant's representative further pointed out that dependent claim 55, which depends from independent claim 31, was rejected as being anticipated while independent 31 was rejected as being obvious. Applicant's representative pointed out this was inconsistent and the Examiner agreed stating the rejection of claim 55 should have been included with the list of claims rejected as being obvious on page 4 of paper no. 20061206.

Applicant's representative additionally pointed out that "item A projection" at the beginning of the third line from the bottom of page 3 (of paper no. 20061206) was meaningless. The Examiner agreed and stated "12)." should be added after "item" to correctly read item 12). A projection....

Applicant's representative is greatly appreciative of Examiner Isla-Rodas's consideration of this matter.

Respectfully submitted,
